March 21, 2024

To Whom It May Concern:

Ms. Lauren Gibbs has worked as an art teacher at North Shore Middle School over the past two years, during which time I have observed her approach to teaching and her interactions with students.

Ms. Gibbs has shown a consistent effort in helping learn about and apply the elements of art. She has students use their sketchbooks as a reference for the elements as they apply what they have learned. This method of reinforcement has enabled students to deepen their understanding of the application of the elements of art.

In her classroom, Ms. Gibbs has worked to create a welcoming environment. She understands the importance of making students feel comfortable and has taken steps to ensure her classroom is a place where students can take risks, practice unabashedly, display their work, and celebrate their growth.

Ms. Gibbs has generously offered her talents and those of her students to support school traditions and beautify the school.

As a member of our faculty for the last two years, Ms. Gibbs has demonstrated a commitment to creating an educational environment that supports student learning.

If you need further information, please feel free to contact me.

Sincerely,

Ryan O'Hara, Ed.D.
